

Can California Reach its Climate Targets?
California Climate Policy Modeling (CCPM-3) Workshop
May 14, 2018
Alumni Center, 530 Alumni Lane, Davis CA 95618
University of California, Davis

8:30 a.m.	Registration and Coffee
9:00 a.m.	Welcome and Introductory Remarks <ul style="list-style-type: none">• Lew Fulton, Co-Director, STEPS Program, UC Davis• Austin Brown, Executive Director, Policy Institute for Energy, Environment and the Economy, UC Davis
9:10 a.m.	Keynote: Aimee Barnes, Senior Advisor, Office of Governor Edmund G. Brown Jr.
9:30 a.m.	Session 1: The big picture: Achieving very low CO2 futures Moderator: Lew Fulton, Co-Director, STEPS Program, UC Davis <ul style="list-style-type: none">• Amber Mahone, Director of Clean Energy, E3• Noah Deich, Executive Director, Center for Carbon Removal• Sonia Yeh, Professor, Chalmers University of Technology <i>Discussion</i>
10:30 a.m.	Coffee Break
10:50 a.m.	Session 2: Achieving a zero carbon electric sector Moderator: Amber Mahone, Director of Clean Energy, E3 <ul style="list-style-type: none">• Sam Evans, Researcher, UC Berkeley• Max Wei, Program Manager, Lawrence Berkeley National Laboratory• Mark Delucchi, Research Scientist, UC Berkeley• Daniel Hopper, Senior Manager, Southern California Edison <i>Discussion</i>
12:10 p.m.	Lunch
1:00 p.m.	Session 3: Transportation sector targets: 5 million EVs by 2030, 100% ZEV sales in 2040? Moderator: Marshall Miller, Senior Development Engineer, STEPS <ul style="list-style-type: none">• Marshall Miller, Senior Development Engineer, STEPS• Chris Busch, Research Director, Energy Innovation• Gil Tal, Researcher, Plug-In Hybrid & Electric Vehicle Research Center, UC Davis• Nancy Ryan, Director of Policy and Strategy, E3 <i>Discussion</i>
2:15 p.m.	Coffee Break
2:30 p.m.	Session 4: Role of agriculture and forestry in achieving very low CO2 futures Moderator: Noah Deich, Executive Director, Center for Carbon Removal <ul style="list-style-type: none">• Katharine Mach, Senior Research Scientist, Stanford University• Dick Cameron, Director of Science, Land Conservation Programs, The Nature Conservancy• Emily McGlynn, PhD Student, UC Davis <i>Discussion</i>
3:45 p.m.	Session 5: Panel and audience discussion – what can we learn from the models/discussion and what don't we know going forward? Moderator: Anthony Eggert, Transportation Director, ClimateWorks <ul style="list-style-type: none">• Dan Sperling, Director, ITS-Davis and STEPS• Alice Reynolds, Senior Advisor, Office of Governor Edmund G. Brown Jr.• Ryan McCarthy, California Air Resources Board <i>Discussion</i>
5:00 p.m.	Closing thoughts <ul style="list-style-type: none">• Lew Fulton and Austin Brown
5:15 p.m.	Reception (Alumni Center – Moss Patio)
