

BE A GLOBAL LEADER IN SUSTAINABLE TRANSPORTATION

Transportation Technology and Policy (TTP) at UC Davis

M.S. and Ph.D. degree program

What is TTP: An interdisciplinary graduate degree program designed to meet the world's growing needs for highly qualified, thoughtful and dedicated leaders in sustainable transportation, hosted by the Institute of Transportation Studies at UC Davis (ITS-Davis)

Why TTP: ITS-Davis, a leading center in the study of sustainable transportation, was chosen by the US Dept. of Transportation as the **National Center for Sustainable Transportation**

TTP Graduates: Hold key positions addressing transportation systems, urban planning, fuels and energy, and the environment in government agencies, energy companies, automotive companies, non-profits, academia and more

2019 Application
Deadlines:

January 15 (Priority)

April 1 (General)

**June 1 (Space
Available)**
